Records fall at Athletics Competition

It was a very hot day but this did not deter our students from some great performances at the Athletics Sports Day held last week - Well done to all of those who competed and thank you to all who came along to support them! It was a great day of competition with some very exciting results and FOUR new records set!

Antonella Henderson broke the U12 1/2 Girls Triple Jump record with a great distance of 7.33m, but was beaten by a record breaking 7.53m recorded by Ashley Rhodes. In the U16 boys 100m Jamie Hall recorded a record breaking time of 12.0s, but came runner up to Logan Larsen who set the new record at 11.93 s. Grace Bennett set a new U16 Girls Long Jump record with an impressive jump of 4.66m; and Mitchell Perfect set a new U16 Boys Triple Jump record with an amazing 11.67m.

Well done to you all!!

WE NEED YOUR HELP

RECORDER CRISIS!

Due to the effects of Covid 19 on the shipping channels around NZ we are experiencing a shortage of Recorders and other instruments imported from Japan!

As we move from level to level in the Covid alert system the importance of students owning their own instrument becomes more and more important.

Please send any unused or unwanted recorders to school-Good instruments that have been cleaned in a little detergent will be used by the students to help develop their musical abilities and their potential as musicians.

We are happy to offer \$10 as a reward for each instrument or you are welcome to donate them to the school as a gift.

CARE CARD DRAW WINNERS

Congratulations to our recent winners:

Whanau, parents and caregivers... our school Library is constantly getting new and exciting books for our akonga. Check out this awesome new non-fiction Science book that has just come in. This Discover Bacteria, Viruses and Parasites book provides a valuable introduction to good and bad bacteria, the diseases they can cause, the viruses that can infect us, and the parasites that can feed on us. It also includes a special 16page section of the Coronavirus Pandemic. This book would help students taking year 7 Biotechnology, year 11 Science, and senior Biology. Or if anyone wants to understand how these little organisms can be helping us survive or trying to hurt us.
